Dear 

Enclosed is the second supplemental list of towns in Bulgaria. The first column, as you can see, contains the names which appear on the 1:250,000 Balkan series. The second column contains the variants. In case a town has been given which does not appear on the 1:250,000 map, it has been listed in the second column, the first of the variants being the accepted one in these cases. All towns listed are located in the area covered by the 1:250,000 and were taken from the OSS railroad and road map which they sent to us for checking.

These lists are not necessary since the decision to use the 1:250,000 has been made, but I thought that they might be helpful to the Janis Committee and other agencies which are working on different sections of the studies.

All names on this list which are not on the 1:250,000 will appear in the Glossary in the form which we discussed on Saturday.

Sincerely yours,

Burton W. Adkinson
